## About Me

I have sketched since I was a little girl and always dreamed of drawing wedding dresses for a living - here I am in a dream came true.

I have worked in fashion all my career. Starting at a local boutique, moving to London and working for River Island on their buying team. I then came back to Glasgow after a few years and continued to work within fashion and buying before taking the ultimate leap of faith and setting up WHAT HANNAH DOES.

During the dreaded lockdown I purchased my first iPad and before I knew it I had set up my own business designing logos/prints etc. I was able to leave my job and take this on full time!

Before I knew it I was creating these prints at events and weddings and it has just snowballed from there.

I cannot believe my little girl dream came true and this is my career.

# My Style

I am a digital fashion illustrator.

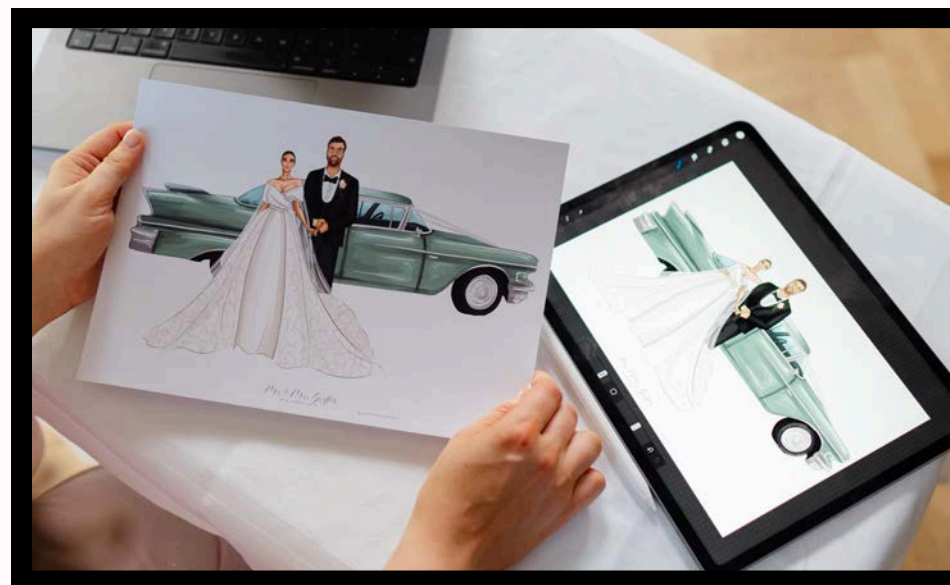

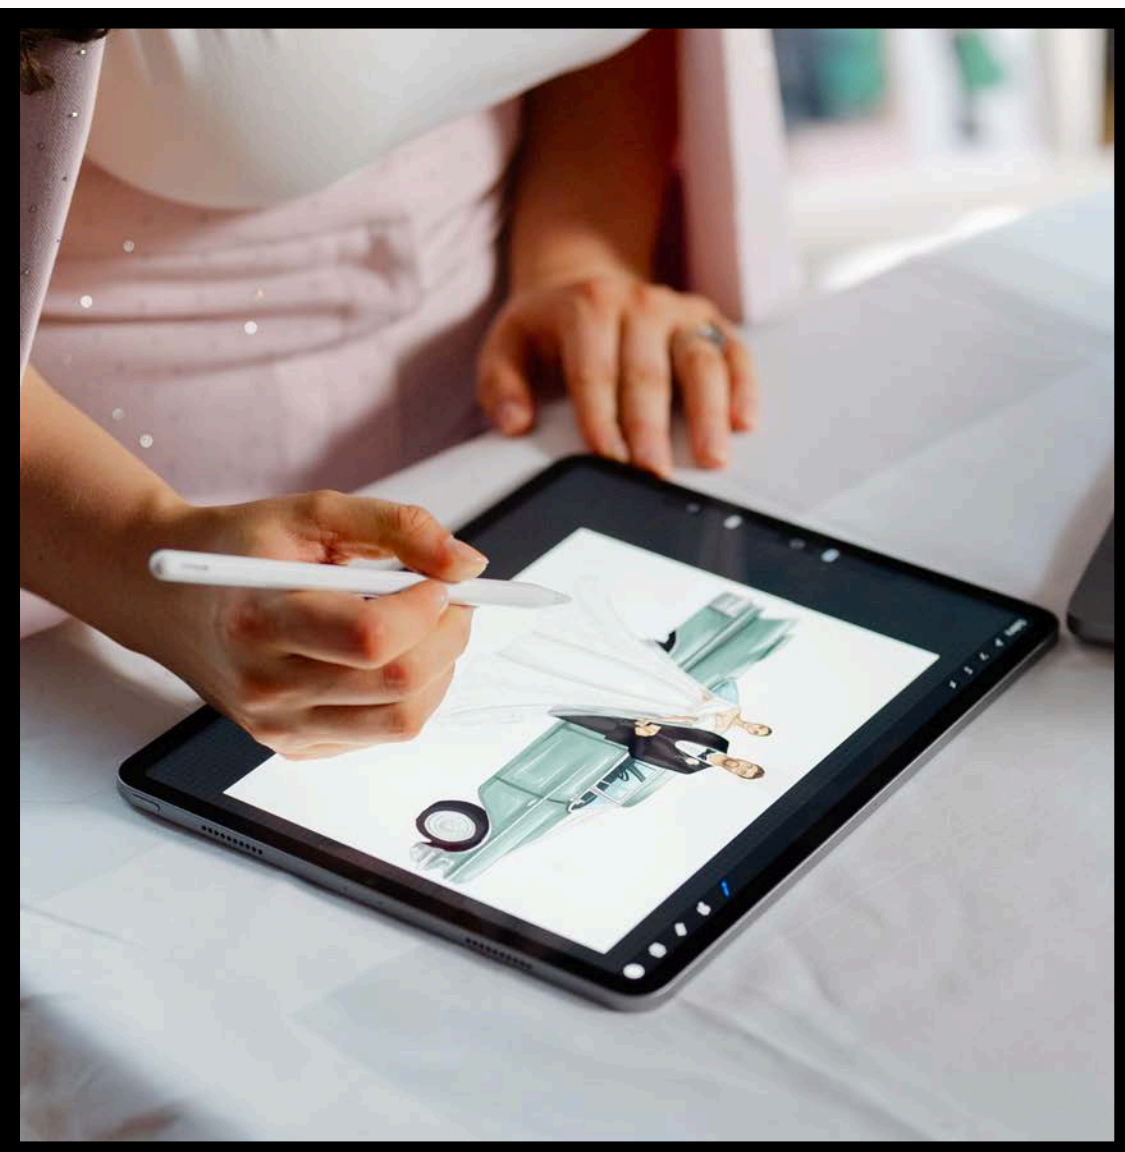

I take photographs of all your guests. I use these photographs to sketch from. Using an Apple Pencil to sketch onto my iPad Pro. Using pre sketched body templates I have, I can sketch all your guests.

These are then printed out at the end of the session, packaged in a cellophane bag and handed out to all of your guests.

There is nothing better than seeing everyones reaction to their sketches!

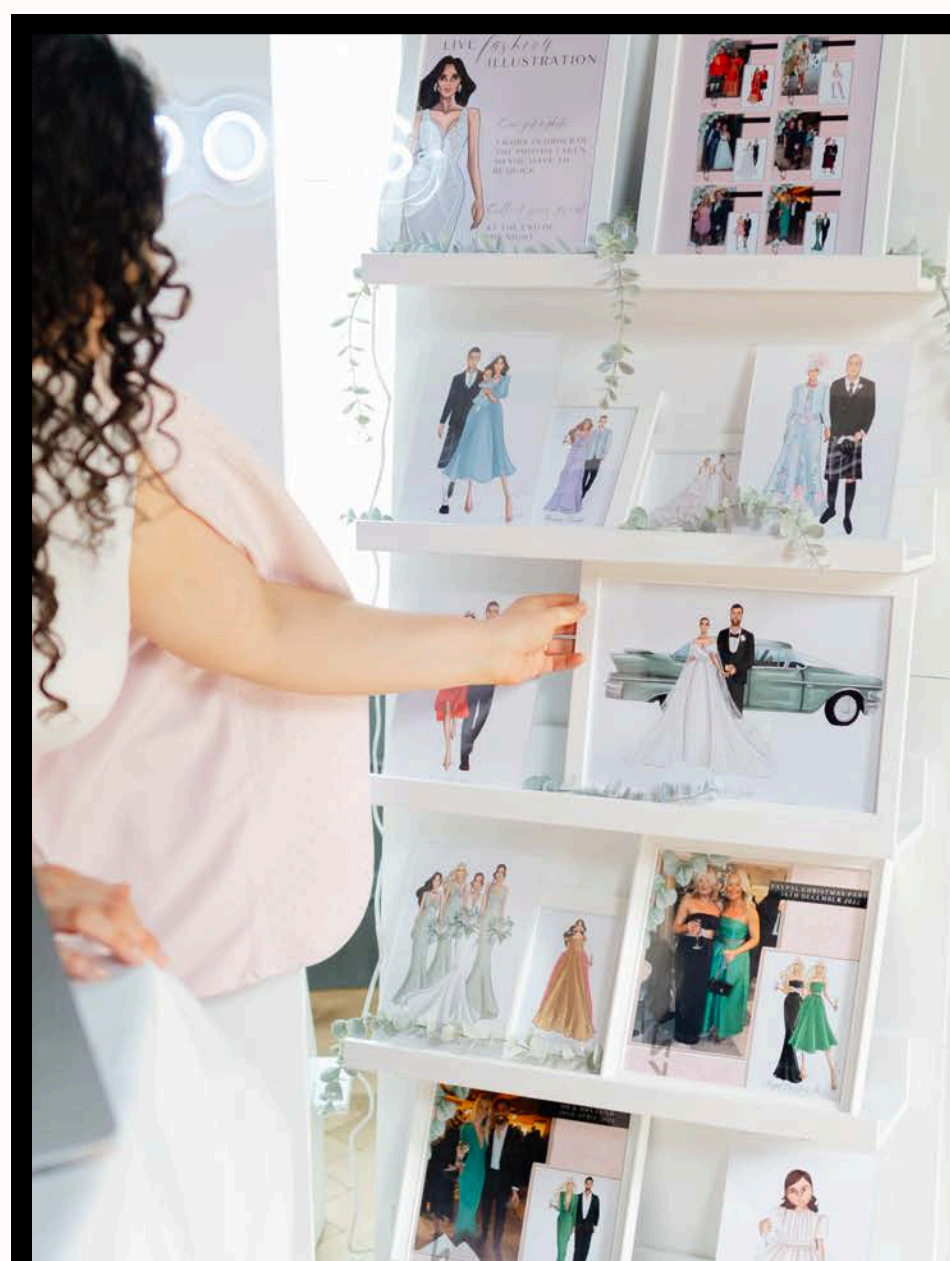

## HOW DOES IT WORK?

- 01 A PHOTO IS TAKEN
- 02 HANNAH WILL SKETCH FROM THAT PHOTO
- 03 SKETCHES ARE PRINTED AND PACKAGED
- 04 HANNAH WILL DISPLAY THEM SO YOUR GUESTS CAN COLLECT

“Wow wow wow every bride should have Hannah at their wedding, her skills and talent are amazing all of our guests loved their wedding favours and still talk about them months down the line. Hannah you are truly talented and such a lovely person and I am honoured to have you at our wedding the sketches of us are amazing I love them all and I cannot thank you enough you captured the details on my dress in the picture so well thank you thank you thank you will cherish these pictures forever”

Hannah was absolutely amazing on our wedding day. She provided unique entertainment that all of my guests couldn't stop raving about as they had seen nothing like it before. With Scottish weddings there is a high chance it will be raining, and having Hannah sketching people gave our guests something different to watch in action. We are so happy with our sketch and it is now hanging up in our house to admire daily. It really is a gift for life. I only wish I had got Hannah for the full day so I could have watched her skills in action more. To top it off she is the most lovely girl and my family and I loved getting to know her whilst viewing everyone's drawings before our meal. Thanks again !!

Had Hannah at our wedding at Carlowrie Castle. Was such a special touch to our day. All the guests loved getting there drawing at the end of the night instead of traditional favours it's something beautiful and memorable to keep.

Hannah is such a friendly girl and had so many compliments of her work from our guests and from me of course.

Thank you so much for being part of our special day !

Highly recommend her for your event!
